**15 Misconduct policy for Executive, Management Board, Delegates, Employed Federation Staff and Subscribing Members.**

15.1 It is the policy of the Federation to ensure that any disciplinary matter is dealt with fairly and that steps are taken to establish the facts and to give members the opportunity to respond before taking any formal action.

15.2 The aim of the Federation is to deal with disciplinary matters sensitively and with due respect for the privacy of the individuals involved. All members of the Federation must therefore treat as confidential any information communicated to them in connection with an investigation or disciplinary matter.

15.3 On discovery or receipt of a report or allegation that any member of the Executive or Management Board, delegates, Employed Federation Staff or Subscribing member (the member concerned) has:

15.3.1 committed any serious or repeated breach or non-observance of any of the provisions of these Rules;

15.3.2 been convicted of any criminal offence (other than an offence under any road traffic legislation in the United Kingdom or elsewhere for which a fine or non-custodial penalty is imposed); or

15.3.3 been guilty of any fraud or dishonesty; or

15.3.4 acts in any manner which brings or is likely to bring the member, Employed Federation Staff or the Federation into disrepute or is materially adverse or injurious to the interests of the Federation

the Management Board must as soon as reasonably practicable following such notification nominate a Full Time Officer to investigate the facts and, where appropriate, consider any relevant documents promptly. If there is a conflict, an Executive officer or member of the Management Board, will conduct the investigation. The purpose of an investigation is to establish a fair and balanced view of the facts relating to any disciplinary allegations against the member or Employed member of staff, before deciding whether to proceed with a disciplinary hearing. The amount of investigation required will depend on the nature of the allegations and will vary from case to case.

15.4 The member or employed member of staff concerned must co-operate fully and promptly in any investigation. This will include providing the names of any relevant witnesses, disclosing any relevant documents and attending investigative interviews if required. Any investigative interviews are solely for the purpose of fact-finding and no decision on disciplinary action will be taken until after a disciplinary hearing has been held.

15.5 Where conduct in question of the member or employed member of staff concerned is the subject of a criminal investigation, charge or conviction the Management Board may suspend the action referred to in Rule 15.3 until such investigation and any resulting criminal proceedings are concluded.

15.6 The Executive may, having regard to the circumstances of the case, impose a period of precautionary suspension on the member or employed member of staff concerned. Such suspension will be for no longer than is necessary to investigate the allegations and details of any such period of suspension will be confirmed to the member or employed member of staff concerned in writing. Suspension of this kind is not a

disciplinary penalty and does not imply that any decision has already been made about the allegations. During such a period of suspension, the member or employed member of staff concerned must not visit any premises of the Federation other than as may be necessary for the purpose of attending any investigative interview, hearing or appeal hearing the member or employed member of staff concerned is asked to attend.

- 15.7 Where the member concerned is a Divisional Officer (as defined in Rule 19.4) and the Executive imposes a period of precautionary suspension on him or her, the Division concerned shall appoint another Divisional Member to perform the functions of that office during the period of suspension.
- 15.8 Following any investigation, if the Full Time Officer or Executive Officer or member of the Management Board, tasked with carrying out the investigation considers there are grounds for disciplinary action:
- 15.8.1 the member or employed member of staff concerned will be required to attend a disciplinary hearing. He or she will be informed in writing of the allegations against him or her, the basis for those allegations. This will also include the following where appropriate:
    - 15.8.1.1 a summary of relevant information gathered during the investigation;
    - 15.8.1.2 a copy of any relevant documents which will be used at the disciplinary hearing; and
    - 15.8.1.3 a copy of any relevant witness statements
  - 15.8.2 the Management Board shall appoint a disciplinary panel comprising three of its members who are not Full Time Officers (**Disciplinary Committee**). The identity of those to be appointed shall be drawn by lots under the supervision of and in such manner as may be determined by the General Secretary and, so far as possible, the three members of the Disciplinary Committee shall not be drawn from those Divisions to which the complainant(s) and the member concerned belong. If the General Secretary is conflicted, then a Full Time Officer, an Executive Officer or member of the Management Board shall be nominated. In the case of an employed member of staff, the Disciplinary Committee will be drawn from the list of all delegates.
- 15.9 The General Secretary will give the member or employed member of staff concerned written notice of the date, time and place of the disciplinary hearing which shall be before the Disciplinary Committee. If there is a conflict, such written notice will given by either a Full Time Officer, an Executive Officer or member of the Management Board. The hearing will be held as soon as reasonably practicable, but the member or employed member of staff concerned will be given a reasonable amount of time, usually two to seven days, to prepare his or her case based on the information given to him or her.
- 15.10 If the member or employed member of staff concerned cannot attend the hearing he or she should inform the General Secretary immediately and the General Secretary will arrange an alternative time. Again, if conflicted, this will be done by either a Full Time Officer, an Executive Officer or a member of the Management Board. The member or employed member of staff concerned must make every effort to attend the hearing. If the member or employed member of staff concerned fails to attend without good reason, or is persistently unable to do so (for example for health

reasons), the Disciplinary Committee may take a decision based on the available evidence.

- 15.11 At the disciplinary hearing the Disciplinary Committee will go through the allegations against the member or employed member of staff concerned and the evidence that has been gathered. The member or employed member of staff concerned will be able to respond and present any evidence of his or her own.
- 15.12 The member or employed member of staff concerned may ask relevant witnesses to appear at the hearing, provided he or she gives the General Secretary sufficient advance notice to arrange their attendance. If the General Secretary is conflicted, then this notice will be given to either a nominated Full Time Officer, Executive Officer or member of the Management Board. The member or employed member of staff concerned will be given the opportunity to respond to any information given by a witness. However, he or she will not normally be permitted to cross-examine witnesses unless, in exceptional circumstances, the Disciplinary Committee decides that a fair hearing could not be held otherwise.
- 15.13 The Disciplinary Committee may adjourn the disciplinary hearing if it considers further investigations are required in the light of any new points the member or employed member of staff concerned raises at the hearing. The member or employed member of staff concerned will be given a reasonable opportunity to consider any new information obtained before the hearing is reconvened.
- 15.14 Where the Disciplinary Committee finds by a majority vote there has been misconduct on the part of the relevant member or employed member of staff, the available penalties are:
  - 15.14.1 No further action;
  - 15.14.2 Written warning;
  - 15.14.3 Final written warning;
  - 15.14.4 a period of suspension; ( in the case of a delegate) or
  - 15.14.5 expulsion ( in the case of a delegate)
  - 15.14.6 Termination of contract ( in the case of employed member of staff)
  - 15.14.7 **Expulsion from Federation )in the case of a subscribing member)**

### **2 Efficiency and Effectiveness**

#### **2.1 Efficiency and value for money**

The Federation will utilise a framework of Challenge, Compare, Compete and Consult (the 4 C's) to deliver the best value and value for money.

#### **2.2 Effective Governance and Accountability**

Strong and effective governance will be the mainstay of this policy for the Federation and that will include transparency, accountability and communication with the management board.

#### **2.3 Standards and Control**

The Federation will ensure that the procurement complies with legal requirements and those set internally by the federation rules and constitution.

#### **2.4 Managing Risk**

The Federation is committed to a risk-based approach to all aspects of the procurement of goods, works and services. An example of risk management is evaluating and determining the capabilities of suppliers and contractors with whom the Federation does business. To mitigate or reduce loss the Federation must demonstrate it has addressed the following points:

1. Is the company selected regulated by a governing body that can either arbitrate or provide insurance for damages where the supplier is either unable to resolve the issue or has gone out of business (this should be a question in the tender process)?

2. Due to the nature of some projects and the complexities involved consideration should be given to employing an external consultant to manage the project. Consideration should only be given when the contract exceeds £10,000 and the Federation does not have the skill set to deal with the complexities and reliably sign the contract off as complete.

### **Single Supplier arrangements**

There may be occasions where there is only one supplier of the goods or service. In these circumstances the Federation would have no choice but to procure goods, services and works using only one provider/supplier.

Dependent on the value of the contract it may be even more advantageous to sign a single supplier agreement where the Federation opts for a contract to deal only with that sole supplier. The benefits of any such agreement should be evidenced before any such agreement takes place.

A further example of the benefits of a single supplier may be continuity of service. There may be times when a single company has been involved in an initial phase of work and that time, money and expertise would be wasted by transferring to another supplier.

## Appendix A

### Procurement Process

- It would be impractical to always obtain at least two (2) tenders for low value transactions.
- Often there is difficulty in obtaining more than one tender/quote e.g. specialty service; lack of contractors in the geographical area.

Description	Value	Requirement	Approval
Everyday goods and supplies	Less than £3,000	Periodically review other suppliers in the area for quality, price and timeliness.	Treasurer / General Secretary
Single 'one-off' items	Between £3,000 and £5,000	Must receive quotes from at least three (3) providers	M/Board
Single item purchases or contract	Between £5,000 and £10,000	Must receive quote from at least three (3) providers	M/Board
Single item purchases or contract	Between £10,000 and £20,000	Must receive quote from at least three (3) providers	M/Board
Single item purchases or contract	Between £20,000 and £50,000	Must receive quotes from at least three (3) providers	M/Board
Single item purchases or contract	Above £50,000	Must receive quotes from at least three (3) providers	M/Board

### Note

Revenue contracts such as utilities can be authorised by the General Secretary or Deputy Secretary in the absence of General Secretary. Where the sum of the contract exceeds £20k further authorisation must be given by the Management Board. Where the timescale is tight approval can be given by email or phone. An example of this would be the utility contracts which change on a daily basis.

**Risk Management**

Effective risk management when embedded correctly leads to better decision making and the achievement of service objectives. Risk management provides a basis for ensuring implications are properly considered and that the impact of decisions, initiatives and projects are considered, and conflicts are balanced.

The cost matrix below identifies the main risks in the procurement process:

<b>Risk</b>	<b>Impact</b>
Full range of options not considered at option appraisal stage	Solution not the most appropriate for the Federation.
Federation opts for a single provider	Solution provided may not be the best value in terms of quality, price or timeliness.
Low response to contract tender offer	Lack of ability or capacity of providers. A commercial judgement that determines it is not financially viable.
Bidders submit incomplete bid	Instructions to bidders are not clear enough or bidder cannot comply with instruction.
Higher than anticipated transaction costs	Market research and options appraisal not thorough enough.
High cost of contract termination	Failure to devise an effective exit strategy at the planning stage.
